

Marie passionately believes in FE and its power to change lives. Marie has worked in further education for the last 30 years starting at Central Manchester College as a lecturer in computer-aided design and most recently as Principal of Bolton College for 5 years before taking up post as Principal at Kirklees College in January 2017.

As Chair of the Greater Manchester Colleges Group Marie helped develop significant collaboration between 10 FE colleges to improve curriculum quality and achieve greater responsiveness across the district and is looking forward to working with other West Yorkshire colleges through the Consortium to fulfil similar aims.

Marie recognises the continued change in the education sector and is focused on equipping employers with training that meets their needs now, and in the future, through well-developed partnerships and a responsive approach.
